Season's First Tropical Storm in Mexico Gulf

NEW ORLEANS, La. (AP)—Tropical storm Arlene churned through the edge of the Gulf of Mexico today, its winds of 50 miles an hour expected to strike the Louisiana coast early tonight.

The Weather Bureau's warning advisory placed the storm about 40 miles south-southwest of New Orleans. Scattered squalls and winds of between 35 and 50 miles an hour extended outward 100 miles north of the storm's center.

The weather bureau also said it expected the storm to move north through Louisiana and on into Arkansas when it moves inland. It is expected to complete its pass through Louisiana by early Saturday.

The storm stirred up Gulf waters and pushed tides two to four feet above normal.

Small craft warnings were displayed from Sabine Pass, just across the Louisiana state line, to St. Marks, Fla., 300 miles eastward.

The Louisiana coast lying directly in the path of the storm, as its last advised direction contains scattered fishing villages and low swamp lands dotted with oil rigs.

Further to the west—by 250 miles—is Cameron, La., devastated by Hurricane Audrey in June 1957. More than 500 lives were lost in the Cameron area during Audrey's lashing. Property damage was beyond estimate.

There were no indications if the storm would increase in intensity before moving inland.

Train Accident in Indonesia Leaves 185 Dead, 200 Hurt; Japanese Blasts Kills Seven

Gilbert Thomas

NEW MINISTER of Music and education at First Baptist Church is Gilbert Thomas who came to Hope from Tulsa, Okla. He will assume duties on June 1. Mr. Thomas and his wife Anita Jean and their two children, will live at 1504 Pecan.

JAKARTA, Indonesia (P)—Unconfirmed reports say 185 persons were killed and 200 seriously injured in a train crash in the mountainous Tasikmalaya area of West Java. Health Ministry officials announced today.

Four coaches of a Bandung-bound express reportedly plunged into a valley Thursday after a coupling broke. Informal sources said the accident was believed caused by sabotage by the rebel Darul-Islam elements.

The area where the accident occurred is infested with rebels. Doctors, nurses and 2½ tons of medical equipment have been flown to the scene. Countrywide appeal has been made for more doctors and nurses.

TOKYO (AP)—Seven persons were killed, 15 seriously injured and 170 others suffered lacerations and minor injuries in an explosion that obliterated a fireworks plant today. The plant was situated in Shimoina, 120 miles west of Tokyo.

Police in releasing the latest list of casualties indicated that 17 persons, first listed as missing have been accounted for.

Negro to Trial for Murder

LITTLE ROCK (AP)—Martin Peoples, a 45-year-old Negro, went on trial in Pulaski Circuit Court today, charged with first degree murder in the fatal shooting of Jimmy Lee Williams, a 30-year-old Negro woman, on Jan. 18, 1958.

Peoples said Peoples fired a shotgun at a Negro man, Freddy Banks, 30, and the charge killed the Williams woman and wounded Banks.

Space Monkeys to Hold Press Conference

WASHINGTON (AP)—Able and Baker, the world's most renowned monkeys, are flying here for a press conference Saturday.

From personal experience, they know more about space travel than the government scientists who will present them.

After all, they traveled 1,500 miles, curving out more than 300 miles into space, aboard a Jupiter missile Thursday.

They survived, with nary a missed heartbeat, the ponderous thrust as the rocket lifted off, the launching pad at Cape Canaveral, Fla. They endured nine minutes free of the earth's pull of gravity as the missile screamed along at 10,000 miles an hour.

And they survived the burning re-entry into the earth's atmosphere far out in the Atlantic near the island of Antigua. The recovery of their nose cone vehicle from the sea by Navy vessels was almost an anticlimax.

Able is a seven-pound rhesus monkey, Baker a squirrel monkey, weighing only a pound. Both are females.

Through electronic instruments that recorded back such information as pulse rate, body heat and blood pressure, they told scientists much about what can happen to a traveler in space.

The two pioneering monkeys were aboard the Navy tug Klovig early today, alive and well. As a medical officer, Baker, after the sea pickup, "Able, Baker perfect. No injuries or other difficulties."

Two Killed in Plane Crash Off Florida

JACKSONVILLE, Fla. (AP)—Fire at sea followed the crash of a Navy jet plane aboard the aircraft carrier Essex Thursday.

The pilot of the plane was killed, and an airman on the carrier deck burned to death.

Three men were critically injured and 18 hospitalized with minor burns or injuries.

It took nearly an hour to put out the flames that spread when the plane cartwheeled across the deck.

Six planes were destroyed or damaged. The carrier had considerable damage to its rear elevators, upper deck compartments and electrical wiring and ventilation.

LT. JAMES C. Steele, pilot of the jet, was waved off after a low approach, but his right wing dipped, caught in a parked aircraft and his plane then cartwheeled across the deck, followed by explosions and fire, the Navy reported.

Steele and his plane went into the water and were lost. His widow is the former Wilma Moore of Harrodsburg, Ky., and his mother is Vera C. Steele of East Longmeadow, Mass.

Charles E. Porter, the airman who burned to death, lived in Jacksonville with his wife, Ruth. Those critically hurt are Earl Ray Smith, son of Gladys Swistak, bonara, son of Mr. and Mrs. M. P. Carbonara, Wood-ridge, N.J.; and Gerald E. Frost, son of Leola Hixmough, Cedar Rapids, Iowa.

The Essex returned to duty a few hours after the accident and continued operations in a training exercise about 200 miles east of Jacksonville. The ship is scheduled to come to its home berth near here Saturday.

Death Sentence Is Appealed

LITTLE ROCK (AP)—The death sentence of Lonnie Mitchell, convicted of raping a 77-year-old white woman at El Dorado was appealed yesterday to the Arkansas Supreme Court.

Gov. Orval Faubus was notified of the appeal. It will be up to the governor to stay the execution of the 23-year-old Negro who is scheduled to die June 5.

Hope Boys in Wreck, Miss Graduation

Two Hope, High seniors, missed their own graduation last night when they became involved in an accident on Highway 67 near Prescott.

Donald Brown and Richard Rothwell were enroute to graduation when the driver, Brown, lost control in a heavy rain, sideswiped another auto and hit a bridge railing, a rollover of Rothwell said.

Brown received a cut on his forehead and Rothwell was bruised. Neither were considered seriously injured but both were in a local hospital today. Occupants of the other car involved were not injured.

The auto was a total loss.

Dance Revue Tonight at High School

Glistening costumes and sparkling shoes will be the order of the evening when the curtain rises on the dance pupils of Mrs. Fran Nelms tonight at 7:30 at the Hope High School Auditorium.

This is an opportunity for residents of this area to not only enjoy a fine evening's entertainment but also to contribute toward a good and worthy cause. The net proceeds of this festival of dance goes to the Youth Center of Hope.

Mrs. Nelms said that the students have been looking forward with great enthusiasm in putting on this show and it promises to be an outstanding talent event for this season and tickets will be available at the door.

Telephone Wage Hike Is Agreed

BROWNWOOD, Tex. (AP)—The Southwestern States Telephone Co. and the Communications Workers of America, agreed today on a 16-month contract granting a general wage increase of 3 to 10 cents an hour.

The contract becomes effective June 1 and affects about 1,000 workers in Texas, Oklahoma, Arkansas and Louisiana.

The report of the accord came from D. T. Strickland, company vice president and general manager, and R. W. Sneyd of Dallas, representative of the CWA.

Contract talks started May 11. Under the new pay scale, wages will range from \$1.39 an hour for small town switchboard operators to \$2.51 an hour for top maintenance workers.

Some employees got wage increases above the 3 to 10 cent boosts. These included senior combination men, service assistants and traffic clerks.

The contract provided that employees will get an added discount on telephone bills.

Shorter work progression schedules also were provided for in all departments except the plant department.

Bar Association Against Laster

LITTLE ROCK (AP)—The Pulaski County Bar Assn. said yesterday that Robert W. Laster was "not professionally and ethically qualified" to hold the office of traffic judge.

Laster now is serving in the post and has filed for renomination.

The association approved the qualifications of Laster's two opponents in the July 28 Democratic primary—John L. Sullivan and John W. Bailey.

"This is just another move by the integrationists who are gradually taking over the town," said Laster who is not a member of the association.

John M. Lofton Jr., Bar Assn. president said 100 members gave their opinions in questioning Details of the balloting were not disclosed but a majority opposed Laster.

Press Rapped by Governor at Cabot

CABOT, Ark. (AP)—Gov. Orval Faubus last night accused the press of reporting only the "bad things" he had done as the state's chief executive.

Faubus said he took office in 1954 determined to be one of the most progressive governors in the state's history. But he said he was likely to be remembered for his reactionary role in the Little Rock school integration crisis.

The governor said newsmen tended to forget the accomplishments of his administration. Among these, he listed better schools, higher pay for teachers and an improved highway system.

Gunman Takes Million Pesos From Woman

MEXICO CITY (AP)—Gunmen snatched a valise which police said contained more than three million Cuban pesos from an American woman in a quick restaurant here Thursday night, and wounded her with a shot as they fled.

A quick investigation led to the arrest of the woman, identified as Marilyn (Mae) Thelma Bayoff of Miami, Fla., and a score of other persons—both some of her associates and men suspected of engineering the holdup.

Even while pressing the inquiry into the robbery, police said today they believe they have stumbled on an international ring dealing in foreign currencies, jewels and perhaps narcotics.

Mrs. Bayoff's husband, A. Karl Bayoff, was among the persons rounded up. He was taken into custody after he called police headquarters from a downtown hotel to inquire about her.

Police said the stolen valise contained 3,787,500 Cuban pesos—nominally worth the same amount of dollars but actually of restricted value because of currency regulations imposed by Prime Minister Fidel Castro's Havana government.

Police said the money had been brought to Mexico for black market conversion at a rate of 30 cents a peso.

Alford Talks Against Tenth Amendment

WASHINGTON (AP)—Proposed civil rights bills violate the ninth and tenth amendments to the Constitution, Rep. Dale Alford (D Ark.) told a Senate Judiciary Subcommittee yesterday.

"The constitution is not plastic," Alford said. "It cannot be molded or twisted to suit the political designs of a few."

Alford told the senators that members of Congress are sworn to uphold the Constitution.

"The Supreme Court's decisions are not the law of the land," Alford said.

America's War Dead to Be Honored

BY THE ASSOCIATED PRESS

Antonia, a 22-year-old military nurse, said the nation's five major wars since the struggle for independence will be honored Saturday in the 51st annual observance of Memorial Day.

The ceremonies, spreading from coast to coast, across the Pacific to Hawaii and northward to Alaska, will center chiefly at national cemeteries, battlefields and other shrines.

The long holiday weekend got under way today as millions, traveling by train, car and plane, started an exodus from crowded cities to resort areas.

American has costed 1,228,393 killed in the five major wars since the revolution, and countless thousands will pay homage at gravesites in large and small communities throughout the nation.

Saturday's scheduled activities are varied in form:

At Rindge, N.H., Daughters of the Confederacy and Daughters of Union Veterans will lay wreaths on an altar on a pine-clad hill. The scene of the joint commemoration will be the altar of the nation, recognized by Congress as a memorial for all American war dead. It is the only one of its kind.

In the nation's capital, memorial services will be held in the amphitheater of Arlington National Cemetery. Veterans Administration Sumner G. Whittier will speak.

At Honolulu, the U.S. Navy will hold a Memorial Day service on a platform aboard the sunken battleship Arizona—a victim of the Dec. 7, 1941, Japanese sneak attack on Pearl Harbor. Still entombed in the Arizona's bulk in Pearl Harbor are 1,102 officers and men.

Also at Honolulu, school children veterans organizations and relatives will place flower leis on the stone grave markers at 17000 Pacific war dead buried in the National Memorial Cemetery of the Pacific—better known as Punchbowl Cemetery—an extinct volcano crater overlooking downtown Honolulu.

Most of those buried in Punchbowl Cemetery are World War II and Korean war dead. They include several thousand unknown dead.

Mrs. Ethel Fincher Dies Thursday at Home in Bodcaw

Mrs. Ethel Fincher, aged 75, died Thursday at her home at Bodcaw.

Survivors include her husband, four sons, Earl and Harris Fincher of Hope, Bud Fincher of Dyess, R. M. Fincher of Bodcaw; a daughter, Mrs. Maggie Dale of Arlington, Texas.

Burial will be held today at 3 p.m. at Union Church of Bodcaw by Rev. Wayne Turner. Burial is charge of Smith Funeral Service.

Coleman Stays Silent About FBI Report

WASHINGTON (AP)—Gov. J. P. Coleman of Mississippi declined yesterday to discuss an FBI report on the Meek Charles Parker lynching with a Senate Judiciary subcommittee because he said it would have the effect of trying the case in the papers in the absence of grand jury consideration.

Coleman told the subcommittee the report will be given to the local district attorney in plenty of time to prepare his case for the next regular session of the Pearl River County, Miss., Grand Jury in November.

Government sources have said the FBI report named the men who kidnapped Parker from a Poplarville, Miss., jail, shot him to death and dumped his body in the Pearl River. The 23-year-old Negro was accused of raping a pregnant white mother.

Coleman and three other Mississippians appeared before the subcommittee to testify on civil rights legislation.

The Justice Department withdrew from the case last Monday, saying no federal law was broken. An FBI report on the case was turned over to Coleman for use in any local prosecution of the persons involved.

Coleman said he couldn't discuss the case because Mississippi law requires that evidence submitted to grand juries be kept secret.

He said he received word of the lynching late at night and immediately ordered that the FBI be called into the case because the people of Mississippi don't believe in mob rule, condemn mob rule and would prosecute those responsible.

Coleman said he was aware that under the Lindbergh Law the FBI could automatically enter the case in 24 hours but he didn't want to give the guilty persons a 24-hour start.

About news stories that the FBI report had solved the case and named those responsible for the April 25 lynching, Coleman said he had read such a story but "it doesn't give any government source."

Local Women to Attend HD Workshop

Mrs. H. G. Goad of Hope and Mrs. Josie Mott of Portland of Spring Hill will represent the Hempstead County Council of HD Clubs at the 7th annual Recreational and Rural Arts Workshop at Camp Couchdale, June 1-4.

A total of 163 women from 61 counties will be participating in the workshop according to Mrs. Lorraine Wylie, Home Demonstration Agent.

"Going Native with Crafts" is the theme with emphasis on improving quality and marketing potentials. Mrs. J. P. Jones, recreation and rural arts chairman of Arkansas Council of HD Clubs is in charge.

Classes will include handloom, weaving, seed mosaics, mazes in the forest, fly tying, the craft of selling crafts, feather your hat instead of your nest, glass etching and social recreation.

The evening programs will be devoted to: How is your color design IQ? Film, Beauty Spots in Arkansas; Where crafts fit into our daily living and stunt night and vespers.

The purpose of the workshop is to introduce constructive individual leisure pursuits and to teach leaders the "how's" of worthwhile handicraft activities.

Reports Talks on Plane Made No Real Progress

BY JOHN M. HIGHTOWER

GENEVA (AP)—Foreign Ministers of the Big Four nations began secret talks on German issues and a summit conference here today after a precedent-setting day session on a transatlantic flight from Washington.

First indications from Western informants were that the talks of the 17-hour flight had not produced any real progress. Nevertheless, Western officials seem reasonably sure that a formula can be found in the next 10 days or two weeks.

The four ministers met in late afternoon at the residence of the British foreign secretary. Advisory delegations from East and West Germany which participated in the first two weeks of sessions at the Palace of Nations were not present.

The U.S. Air Force plane carrying the Big Four nations' ministers of State, Christian A. Torgler, Soviet Foreign Minister Andrei A. Gromyko, British Secretary Lloyd and Franco's Maurice Couve de Merville landed at Cotentin Airport here at 12:54 p.m.

The four ministers were in a jovial mood. Herta was first off the plane, Gromyko following. Assistant Secretary of State Andrew H. Berding, who had ridden in an accompanying aircraft, issued a statement on behalf of the four.

"The four foreign ministers had an opportunity on the aircraft of reviewing the progress of the Geneva conference and to discuss certain details of their respective positions. All agreed that their exchange of views had been most useful. The four ministers agreed to meet again privately and informally at 5 o'clock at Mr. Lloyd's Geneva residence."

Berding supplied some details of the conference in the clouds after talking briefly with Herta. The four ministers took off from Washington in mid-afternoon on the first hour they checked into mail and news newspapers and magazines and the like. They organized themselves as they will get-and talked about conference issues for an hour and a half.

"A Russian adviser and several American officials" were seated near the conferring group of ministers.

In addition to the time they spent in discussion Thursday night, including the formally organized talk, the Big Four talked over East-West problems about an hour the morning before they reached Geneva.

Various accounts indicated that altogether the four spent six or seven hours in conversation, of they organized or casual.

The four four-engine aircraft—a DC-6—was six minutes ahead of estimated arrival time on the 17-hour flight from Washington. The ministers took off Thursday for their session after conferring with President Eisenhower. Wednesday all attended funeral services for former Secretary of State John Foster Dulles.

Another plane, carrying Mrs. Herta and advisers for the secretary of state landed seven minutes ahead of that carrying the four foreign policy chiefs.

Calvary Baptist to Hold Bible School

Vacation Bible School will be held June 1-5 at the Calvary Baptist Church, West Avenue B. Those not attending Bible School elsewhere are invited to come and be in the Calvary V. B. S. The school will begin each morning at 8:45 and let out at 11:15 a. m.

Welfare to Pay More to Nursing Homes

FORT SMITH, Ark. (AP)—A Welfare Department official said yesterday the department will pay nursing homes an additional \$35 a month for care of indigent patients.

Donald A. Briggs, the department's finance director, said the monthly allowance for each of about 2000 welfare patients would increase from \$75 to \$90 effective July 1.

Briggs addressed 75 delegates to a convention of the Arkansas Association of Licensed Nursing Homes. The meeting ended today.

Comedian Released From Sanitarium

SAN FRANCISCO (AP) — Comedian Jonathan Winters, after two weeks in a San Francisco penitentiary sanitarium, plans to fly home with his wife (18) Marmarone, N.Y.

Mrs. Winters said they had not yet obtained reservations. Police took Winters into custody at Fisherman's Wharf May 12 because, they said, he was acting irrationally.

Earlier Banducci, operator of the night club in which Winters was appearing, said he talked to the comedian. "He feels very good," Banducci said.

Winters, 33, is a former regular on NBC's "Comedy Hour" and once played all the parts of a musical comedy on one of George Gobel's TV shows. He specializes in "wild sound effect."

Winters, who checked out of the sanitarium Wednesday, said he will rest until he goes to London in week-end effects.

Winters, who checked out of the sanitarium Wednesday, said he will rest until he goes to London in August for professional appearances.

Suit Filed for Nike Base Site

LITTLE ROCK (AP) — A demolition suit was filed yesterday by the federal government to acquire a Nike Hercules missile base site near Conway, Ark.

Disputing Judge J. Smith Hanks' signed order granting the suit, a federal court judge said the suit is "saturated" with 377.14 acres located nine miles southeast of Conway.

Similar action was taken Tuesday to acquire a site near Cabot. Both missile bases are planned as part of the defense system of the Little Rock Air Force Base.

The projects have been threatened by recommendations for the Senate Armed Services Committee. The committee apparently favors abandoning Nike Hercules projects and replacing them with the Air Force's Bomarc missile now under development.

KC's Daley Is Trouble for Indians, Sox

By ED WILKS
Associated Press Sports Writer

Time was when Bud Daley was just "the other guy" in player trades. Now he's the sturdy Knickerbocker who has allowed just two runs while knocking off American League leading Cleveland and runner-up Chicago in his last two starts.

Daley, a lefty because his right hand was injured at birth, got his chance as a starter two weeks ago only to lose 3-2 at New York after pitching a three-hit shutout for eight innings.

Thursday night he made his first start and followed up Saturday's four-hit shutout (16-0) with Chicago with a 7-2 breeze against Cleveland that sliced the Indians' lead to a half game and hoisted the A's into fourth place.

The White Sox closed in although their meeting with Detroit was rained out with the Tigers at bat in the second inning of a scoreless game at Chicago. Third place Baltimore moved within 1 1/2 games of the lead as unbeaten Hoyt Wilhelm stretched his scoreless-inning string to 22 with his second straight shutout over New York, winning 5-0 with a four-hit shutout. Detroit, led by sixth place pitcher Sullivan, won 3-1 over Frank Sullivan's two-hitter.

In the National League, Bob Friend finally won his first, four, hitting Milwaukee for a 3-0 Pittsburgh victory that put the Braves' lead to two games after San Francisco defeated St. Louis 5-4. The Chicago Cubs beat Los Angeles 7-5 and Philadelphia defeated Cincinnati 4-3.

Wilhelm (7-0), the knuckleballing right-hander who has won eight in a row starting with last September's no-hitter against the Yankees, gave up nothing but singles while striking out six and walking four. The Orioles scored twice in the first inning on a walk, Whitey Lockman's double and Willie Tasby's single, against J. Edgar Hoover (2-5) in his first appearance since rejoining the Yankees. Woodling hit a two-run homer for the Orioles.

Friend Beats Braves for His First Victory

By ED WILKS
Associated Press Sports Writer

Bob Friend finally made it. Last year no pitcher in the majors won more than the husky right-hander who became Pittsburgh's biggest winner in 30 years with a 22-14 record. Yet somehow he couldn't win even one this year through 10 starts that left him on 0-7 record.

Thursday, he made it, pitching his first complete game and hauling in the first shutout of the year by the Pirates staff with a four-hitter that beat Milwaukee's National League leading Braves 3-0.

By salvaging the final game of a series that opened with Harvey Haddix' heart-breaking 1-0 defeat Tuesday night, the Pirates reclaimed third place, 4 1/2 games behind the Braves. They also shaved Milwaukee's lead to two games over the San Francisco Giants, who beat St. Louis 5-4.

The Chicago Cubs battled from behind and beat Los Angeles 7-5 in the ninth, skidding the Dodgers to fourth. Last place Philadelphia spiked Cincinnati's bid to quit the second division by beating the Reds 4-3.

In the American League, Kansas City tramped first place Cleveland 7-2, rumpaging the Indians' lead to a half game over the Chicago White Sox, whose game with Detroit was rained out. Third place Baltimore whipped New York 5-0 as Hoyt Wilhelm again shut out the Yankees. Boston beat Washington 3-1 on the two-hit pitching of Frank Sullivan.

The Cubs, who fell behind 3-1 in the first inning as the Dodgers chased starter Seth Morehead, took the lead 5-4 in the seventh on Ernie Banks' three-run homer, his 12th. The Dodgers tied it in their seventh then three walks, the last an intentional pass to Banks, set up Walt Morin's winning two-run single in the ninth against losing reliever Art Fowler (3-3).

Dave Hillman (3-3), who fanned 11 in 7 1/3 innings of relief was the winner with a ninth-inning save by Don Elston.

Club Gets Ready to Build Dog Track

HOT SPRINGS, Ark. (AP)—The Hot Springs Kennel Club yesterday appointed committees to study financing and construction of a \$125,000 dog racing track.

The study also will determine whether the track is financed by a public stock issue, private funds or a combination of the two.

Construction of the Hot Springs track is scheduled to begin July 1.

When to Fish or Hunt Solunar Tables

Hyndman in Victory Over Bob Magee

SANDWICH, England (AP)—Bill Hyndman III, of Bingham, Pa., won a dramatic 38-hole overtime match from Lt. Bob Magee of Newton, Mass. today and went into an all-American final against Deane Beman for the British Amateur Golf Championship.

Beman, from Silver Spring, Md., crushed England's Guy Wolstenholme 5 and 4.

Hyndman, Walker Cup ace and tournament favorite, had to stand off a strong rally by the cigar-chomping Magee to survive.

Two down with three holes to play, Magee sang a 30-foot putt on the 34th green and rolled in a curving 45-footer on the 36th to send the match into extra holes.

Hyndman finally won on the second extra hole.

Hyndman and Beman, whose ages are 22 years apart, clash in the 36-hole final Saturday over the Royal St. George's course — the fifth all-American British final since World War II.

Beman, 21-year-old University of Maryland junior, smothered Wolstenholme, the English champion, with a streak of sub-par golf in the afternoon round.

After ending a square in the morning, Beman broke 32, three under par, for his outgoing nine, of the afternoon and closed out his tie with a birdie four on the long par five 14th. He putted magnificently.

Speedway Will Try Old Time Starting Way

By DALE BURGESS
Associated Press Sports Writer

INDIANAPOLIS (AP)—Officials of the Indianapolis Motor Speedway and U.S. Auto Club today called together the 33 drivers in Saturday's 500-mile auto race to explain the "old-fashioned" start.

The traditional formation will be resorted after two hectic and costly prologues to the world's richest auto contest.

Under the old system, the 33 cars were lined up at the starting line with dead engines. Then the engines were started and the racers slowly followed the pace car until they were in proper positions. If the alignment was good, the race was on when they hit the starting line.

On Saturday there will be an extra lap with all engines running.

A car plunged into the pits in the 1956 race, badly injuring a crewman. The speedway then moved the pits away from the track edge and into the infield, separated from the track by a concrete wall and an access strip.

Speedway cars do not have self-starters and it was thought the problem of moving portable starters off the track would make the old start impractical. For two years, the cars have stayed in the pits with drivers expected to drive onto the track and take positions behind the moving pace car.

Two years ago two cars tangled in the parade lap and were out of the race. Last year, the first three cars got away ahead of the pace car. After an extra parade lap, they lined up in the pits and then 15 cars banged together on the first official lap, killing driver Pat O'Connor.

Goldfine Fate Now Up to Subcommittee

WASHINGTON (AP)—With all the testimony in opposing law today make their legal arguments today in a proceeding which will determine whether Bernard Goldfine must stand trial on contempt of Congress charges.

The indictment against Goldfine, Boston industrialist whose gifts to political figures made headlines last summer, grew out of his refusal to answer questions before the House Subcommittee on Legislative Oversight.

The questions concerned the financial affairs of one of his companies, Boston Port Development.

As the final witness, Rep. Owen Harris (D-Ark), chairman of the subcommittee, testified yesterday that neither he nor other members of the subcommittee's staff had any information from Bernard Shackle's spying activities on Goldfine and members of his entourage at the Sheraton Carlton Hotel here. Shackle, at the time was chief investigator for the subcommittee.

Before U.S. District Judge James W. Morris his decision is a defense motion to void the indictment. Goldfine's attorney, Edward Bennett Williams, contends the subcommittee had the benefit of electric eavesdropping and filmed papers when it questioned him.

Robert W. Lishman, subcommittee general counsel, joined Harris in denying Shackle's charge that he was denying Shackle's access to his records, papers or documents.

He received no information from Mr. Shackle's activities at the hotel, Harris testified.

As U.S. Atty William Hitz read into the record a statement that Lishman, if called to the stand, would say he never received any information from Shackle and that to his knowledge no one else connected with the committee did. Williams agreed to this statement, making it unnecessary to call Lishman to the stand.

Harris testified that on July 3 Shackle told him he could get into the hotel room of Miss Mildred Papernman, Goldfine's secretary, and photograph any papers found there.

Harris said he gave Shackle very positive instructions to stay away from the hotel. He said he didn't know that Shackle went to the hotel until after the investigator and newsmen Jack Anderson were discovered last July 8 with an electronic "bug" in a room adjoining the suite of Goldfine's press agent, Jack Loto.

Miss Papernman reported within hours after that that her room had been ransacked and papers were missing.

From the witness stand, Shackle said he and Anderson went to the room of the alleged burglar, the Niko-Heracles missile, now a mainstay of the aerial continental defenses. The Air Force is pushing its Bomarc, a missile with a range described as something over 400 miles.

Congressional critics have charged that there is costly waste in developing the two missiles as rivals in the air defense program.

Two down with three holes to play, Magee sang a 30-foot putt on the 34th green and rolled in a curving 45-footer on the 36th to send the match into extra holes.

Hyndman finally won on the second extra hole.

Hyndman and Beman, whose ages are 22 years apart, clash in the 36-hole final Saturday over the Royal St. George's course — the fifth all-American British final since World War II.

Beman, 21-year-old University of Maryland junior, smothered Wolstenholme, the English champion, with a streak of sub-par golf in the afternoon round.

After ending a square in the morning, Beman broke 32, three under par, for his outgoing nine, of the afternoon and closed out his tie with a birdie four on the long par five 14th. He putted magnificently.

Will Donate Cement to City Industries

LITTLE ROCK (AP)—Arkansas Louisiana Gas Co. announced today it will give free cement to cities and towns constructing buildings for new industries.

The cement will be delivered at the plant of the Arkansas Cement Corp., a wholly-owned Ark. subsidiary, at Foreman. Transportation will be up to the recipient agency.

An Ark. La. announcement said the program applies to buildings being built by municipal agencies such as cities, local industrial development corporations, industrial communities, or chambers of commerce and is like to house new industries.

An Ark. La. spokesman said it would not apply to non-industrial construction such as civic auditoriums, swimming pools and the like.

He said he had no idea what the ultimate cost to Ark. La. and its subsidiary might be.

W. R. Stephens, president of Ark. La., said the cement gifts would be made to help the state's industrial expansion.

This participation in the industrial program will not be limited in Arkansas at the end of one year, utility system, Stephens said, but is extended to every Arkansas community which through its own efforts is constructing plant buildings for new industry or is otherwise underwriting plant construction.

Appropriations Committee Raps Pentagon

WASHINGTON (AP)—With a blast of Pentagon rivalries, confusion and duplication, the House Appropriations Committee today recommended \$38,848,339,000 in new funds for the Defense Department.

In cutting \$396,801,000 from the amount requested by President Eisenhower for the year starting July 1, the committee today was bickering over who has the best missiles, called for a general tightening up on defense operations, and spoke of a growing Soviet military threat.

On the face of its action, it sided with the Army in its missile war with the Air Force by boosting Army funds and cutting Air Force money for missiles.

It approved funds to strengthen the Strategic Air Command, to shore up the Navy's antisubmarine warfare program and to expedite work on atomic airplanes.

It disapproved the President's plan to increase the strength of the National Guard and the reserve forces, but went along with his figures for active military manpower.

It refused the Navy's request for 200 million dollars to build a new aircraft carrier.

It voted to authorize the President to keep bombers in the air around the clock if necessary to prevent their destruction on the ground by a sneak attack.

Those and other actions were included in a bill the committee sent to the House floor for debate next week.

The nation must always be prepared for the worst, the committee said in a report written by Rep. George Mahon (D-Tex.). "The threat is expected to worsen. As long as we are well prepared for general nuclear war, such a war is much less likely. The nation is prepared today to meet the military threat it faces."

Testimony taken during months of hearings behind closed doors, the committee said, "clearly indicates that there is something wrong in our present military planning, there is so much confusion and duplication, and too much bickering over who gets what."

The committee allotted the \$38,848,339,000 this way:

- Army, \$9,206,905,000, an increase of \$21,905,000 over the President's bid and \$155,203,800 over current year appropriations.
- Navy, \$11,025,103,000, a cut of \$83,872,000 from the request and \$455,207,400 less than this year's fund.
- Air Force, \$17,238,506,000, a cut of \$538,694,800 from the request and a cut of \$753,770,800 from this year's allotment.

Office of defense secretary, \$1,179,225,000, a \$400,000 cut in the request but a boost of \$18,900,300 over current year money.

Medical Center to Let Out 100 Workers

LITTLE ROCK (AP)—The University Medical Center, announced today it will discharge about 100 employees in an economy move.

A spokesman for the Center said a reduction in the installation's budget for this year made the layoff necessary.

Some 1,100 persons are in the Center payroll.

The University of Arkansas Board of Trustees will meet at Fayetteville Saturday and the Medical Center budget will be submitted for approval.

It could not be learned what classifications of employees were affected by the layoff. The spokesman said only that "a number of jobs probably will be eliminated."

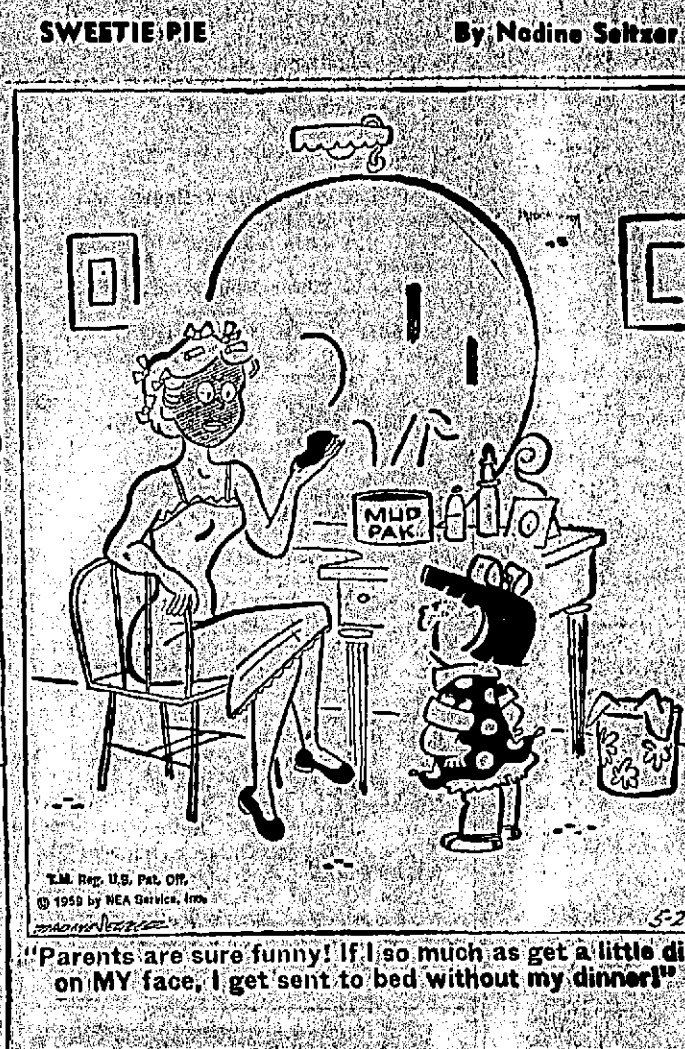

The Medical Center will no longer be the sole beneficiary of the Welfare Department to be matched by federal funds of indigent patients at the Medical Center.

Catholics to Carry
Jewish Flag Saturday
DETROIT (AP) — Catholic war
veterans will carry both their own
and the Jewish veterans' flags in
Detroit's Memorial Day parade
Saturday.
Saturday is the Jewish Sabbath.
Michigan's Jewish War Veterans
said their regulations forbid pa-
rading on their Sabbath. They'll
be absent.
Edward Kebabitis, commander
of Michigan's Catholic war vet-
erans, contacted John Nemon,
commander of the Jewish group.
"Our marchers will be glad to
carry the Jewish standard," Keb-
abitis said. Nemon accepted the
offer.

Governor to Talk
at Dairy Festival
CABOT, Ark. (AP) — Gov. Or-
val E. Faubus was scheduled to
address the first annual Cabot
Dairy Festival today.
The daylong fete featured the
crowning of a 1959 dairy Princess
of Lonoke County.
Faubus will fly to Athens, Tex.,
tomorrow to speak at an "Old Fidi-
dlers' Reunion and Homecoming."
and will take part in a Memorial
Day service at Fort Smith Satur-
day.

Health Agencies
There are eight major volun-
tary health agencies fighting
polio, tuberculosis, cancer, heart
ailments, cerebral palsy, muscu-
lar dystrophy, rheumatism, ar-
thritis and mental illness, in the
United States.
Your family will praise you for

over corn cut from the cob.

Bible Comment

THE BIBLE, THEOLOGY, AND
LIFE

By WILLIAM E. GILROY, D.D.

The Apostle Peter wrote (II
Peter 3:16) that "beloved brother
Paul" had written some things
"hard to be understood." I am
among the dull ones who find in
modern religious expositions
much that is hard for me to com-
prehend. This is assuredly not to
my credit, nor to the disparage-
ment of the eminent writers.

We are living in an atomic age
when the mysteries of science, and
the problems of space are beyond
the comprehension of the average
man.

It may be that to speak to this
atomic age with its complexities
sometimes must face complexities in
the world of religion. It may be
that religion is not so simple as
we have tended to make it.

Yet, there was a great Teacher
of whom it was said that "the
common people heard him gladly."
And this raises a very inter-
esting question. Is it whether there
is really simplicity in religion, and
adequacy in the teaching of Jesus
— adequacy to meet the problems
of life in the world of today.

When I read the many articles
by outstanding churchmen and
theologians I am impressed with
their apparent authority. The writ-
ers have high academic standing.
Yet most of the articles have
nothing in common. In contrast
with the spirit and method of the
scientist, who if he starts from as-
sumptions or hypotheses uses them
only subject to verification, a con-
ception of the Bible, which may
or may not be arranged, domi-
nates many of these writers and
directs and limits their interest.

Starting from the conception of
the Bible as authority, its author-
ity is directed very much to mat-
ters that in their very nature are

speculative, or that would be
specialized to a wholly open and
inquiring mind, to the consequent
lessening of concentration upon the
Bible as a book of life, and es-
pecially upon the supreme impor-
tance of the teaching and example
of Jesus.

It might be asked, "Who am I
to question or criticize?" But the
challenge is from the problem and
need of humanity itself. That prob-
lem, emphasized in every way, is
how people can live together
peaceably, if not happily.

It is the problem of individuals
in local communities. It is the
problem of races and nations. It
is the problem so manifold that all
its phases defy listing. Yet in
every aspect it is one, insistent
and dominating.

And where in all life, literature,
and religion is there anything that
offers solutions to that problem
comparable to the "simplicity" that
is in Christ, and the teaching
concerning words and values set
forth in the Gospels. In the para-
bles and words that common peo-
ple hear gladly?

It is not a matter of Jesus
himself, or of the place that Chris-
tians assign Him. It is what He
set forth in His life and teaching
as it confronts each of us, whether
or not we accept His Christian-
ity, or dogma.

The supreme task as I see it is
to make that challenge real and
effective, and to that end theo-
logians and churchmen might well
use their prestige and power to
telling humanity what Jesus taught
about how people must live to-
gether, according to the values we
proclaimed.
